

SSI 20/20-30 User Instructions

(888) 234-0198 or www.SmartStartInc.com

The SSI 20/20-30 is a breath-alcohol ignition interlock device which requires the user to take and pass a breath test before the vehicle will start. If the breath alcohol sample submitted is at or above the preset fail level, the vehicle will not start.

How to Take a Test:

1. When you turn on the vehicle's ignition, the unit will activate and the LCD will display **INITIALIZING**. The device is preparing for a test.
2. *Take this time to drink WATER to eliminate breath contaminants.*
3. Once the unit has initialized, the LCD will display the word **BLOW**.
4. You can only take a test when the LCD displays the word **BLOW**.
5. The best way to take a proper test is to blow steadily into the mouthpiece of the unit for approximately 2-4 seconds and then transition to a hum by saying the word "**WHO**". Keep blowing steadily during the transition. During the test the LED will display the word **TEST**.
6. Keep blowing into the mouthpiece while humming "**WHO**" until the unit clicks.
7. If you do not successfully complete the test, the LCD will display the word **ABORT**, followed by the reason.
8. After successful completion of the test, the LCD will display the word **ANALYZING**.
9. The unit will then analyze the breath sample and display **PASS**, **WARN**, **FAIL**, or **VIOL**.
10. During normal operation of the unit, the LCD will display "******", indicating engine running.

After You Take a Test, 1 of 5 things will happen:

1. The LCD display will show the word **PASS** and you may now start your vehicle
2. The LCD display will show the word **WARN** and you may now start your vehicle
3. The LCD display will show the word **FAIL** and you will not be able to start your vehicle
4. The LCD display will show the word **VIOLATION** and you will not be able to start your vehicle
5. The LCD display will show the word **ABORT** and you will not be able to start your vehicle

When you blow an **ABORT** or a **FAIL**, you must take and pass another breath test before your vehicle will start. After blowing a **FAIL**, the LCD will display **FAIL**, cycle back to **WAIT ##** and then **BLOW**. **ABORT** is generally caused by blowing too hard "**ABORT HARD**", for not a long enough period of time "**ABORT EARLY**", or not performing the voice tone properly "**ABORT HUM**". An **ABORT** will simply require you to take another test. Once your vehicle is started, the device will ask for a random retest by beeping and indicating **BLOW** plus a timer reading. Failure to take these retests is a violation. The retest timer gives you 5 minutes to safely pull over and take the test if you are not comfortable testing while driving. If you fail to take the retest, the unit will indicate "**MISSED TEST**". This will result in a lost violation point.

Once your vehicle is started, the device will ask for **RETESTS** by beeping and flashing the word **BLOW**. *Be sure to rinse with WATER prior to each and every test.* Failure to take the retest is a violation. *(When using the device, always practice safe driving habits and keep your eyes on the road. You should find a safe place to park before taking a retest.)*

Handset mount - You have been provided with a handset mount to keep your device within easy reach and out of harm's way. If your mount needs replacing, advise our service personnel and we will secure a new one.

LOCKOUTS The LCD displays the number of violation points left when you press the pound sign and the number three. The counter starts with the maximum available violations and counts down. Each time a violation is registered, the unit will deduct 1 from that number. The device will "**lockout**" and not allow you to take a test under the following 4 conditions.

1 - 15 MINUTE LOCKOUT

A fifteen **minute lockout** is indicated by an LCD display of **FAIL /LOCK ###**. This happens when you blow 3 fails in a 15 minute period. The device will **TEMPORARILY LOCKOUT** for **ONLY 15 minutes**. This can happen before you start your vehicle **OR** after you start the vehicle and then fail 3 **RE-TESTS!** During this **15 minute lockout** the device **will not** allow you to re-test. Use this time to drink water, take some deep breaths and test again when the device resets. **NOTE:** If this happens while you are driving, the device will not reset until you turn off your vehicle for 15 minutes. A **15 minute Lockout** may require you to return for service.

2 - RESTRICTED DRIVE TIME LOCKOUT

A **drive time lockout** is indicated by an LCD display of "**RESTRICTED DRIVE TIME**". This only occurs if the unit is programmed with restricted driving times as ordered by the monitoring authority. During the **restricted lockout** time, the device **will not** allow you to take a test or start your vehicle.

3 - SERVICE LOCKOUT

A **service lockout** is indicated by an LCD display of **SRVC / L ###**. This is the number of hours remaining before the device shuts down due to missing your service date. Once the device displays "**LOCK**," it **WILL REQUIRE** you to call your service provider for an Unlock Code. There may be a charge for this code. **DO NOT IGNORE THE SERVICE WARNING** grace period

4 - VIOLATION LOCKOUT

A **violation lockout** is indicated by an LCD display of "**LOCKOUT VIOL**". This will occur after you use your last violation point **AND** you exceed the allowed lockout grace period. A violation is caused by a **HIGH LEVEL** breath failure, **OR** by missing a re-test, **OR** by starting the vehicle without passing a test **OR** by disconnecting the head while the device is turned on. These violations are counted between service visits. The LCD display will show the number of hours left until the violation lockout occurs (**L##**) Once the device displays "**LOCKOUT VIOL**", it **WILL SHUT DOWN** and require you to contact Smart Start. **DO NOT IGNORE THE LOCKOUT WARNING** grace period.

UNLOCK CODES

Smart Start is the ONLY interlock provider that offers REMOTE UNLOCKING. This service is available if you go into lockout and cannot get to a service center. You will be given a code from our corporate office. The code can be entered into the device using the keypad. This code will extend your lockout grace period for no more than six (6) hours. The code is only good ONE TIME and the device will operate as normal. You are required to take and pass a test before starting the vehicle. The code DOES NOT bypass the device. Code is only available if permissible in your state. There may be a charge for this code

HELPFUL HINTS AND ANSWERS

LCD DISPLAYS	DESCRIPTION
INITIALIZING	The unit is preparing for a breath test.
BLOW	The unit is ready to accept a breath test.
TEST	The unit is accepting the test.
SRVC / L ###	A reminder of the number of hours remaining before the unit goes into lockout due to missing your service appointment.
BLOW / VLOCK @ # D ##	A reminder of the days remaining before lockout due to loss of violation points.
LOCKOUT VIOL	The device is in lockout due to loss of violation points. You must call to get an unlock code that is only valid for 6 hours. Only if permissible in your state.
APPT #### / MM/DD/YY	The date and time of your scheduled appointment, that was made at your last service. Press the # sign and the number one (1) on the keypad to see this display.
VIOL REMAIN ####	The number of violation points remaining before the unit goes into the lockout grace period. Press the # sign and the number three (3) on the keypad to see this display.

- You must rinse with WATER prior to each and every breath test. This will eliminate breath contaminants. Remember, always take a DEEP BREATH immediately before taking a test.
- The interlock device has no effect on the engine operation and can not turn your engine off once it is running.
- Anyone who drives your vehicle must use the device and YOU are responsible for all readings recorded by the device. If you are ordered on by a Michigan Court you must get authorization for someone else to drive this vehicle.
- If your vehicle needs service, contact Smart Start for instructions. Keep receipts from the shop indicating the date and time it was in for service as well as the date and time it was picked up. Please fax all receipts to 586-954-3461 or contact us for an email address.
- If you need to replace your battery or starter, call Smart Start for authorization first. This should be completed by a certified mechanic.
- You have several minutes to respond to a retest. Find a safe place to park before taking a retest. Missing a retest is a violation and will be recorded by the device.
- Once the device begins asking for a retest, be sure to take the test before turning off your ignition.
- When using the device, always practice safe driving habits.
- Do not use a breath freshening agent just before taking a test. Most of these agents contain a high level of alcohol.
- Place the device where you can see the LCD display. If a Retest is requested and you are driving with the radio playing loud or a window down, you may not hear the Beeping sound that the unit will make. If you can see the LCD display, you will probably notice the retest indication. An optional LED light is available for clients who are hearing impaired.
- You must maintain a charged battery in your vehicle at all times. You must start your vehicle at least once a week for a minimum of 15 minutes. You must get prior authorization from Smart Start Michigan prior to disconnecting your battery or having your vehicle serviced. You must provide Smart Start with valid receipts for all repairs and parts.
- Do not place the interlock where it is prone to damage: on the floor, under your ashtray, or where you can't see it or hear it. Also, do not expose the unit to moisture from liquids. You are responsible for damages due to negligence or abuse of the device.

INTERLOCK CLIENT CHECKLIST

1. If my order is from a Court I must be the only person who supplies a breath sample in the device unless I am authorized different from that Court.
2. I have been instructed on the use of the Breath Alcohol Ignition Interlock Device (BAIID) and understand how it works.
3. I have watched the training video and I received a User Instruction Sheet.
4. I understand that I must take all of the rolling retests even if I have reached my destination and I must do so prior to shutting off my vehicle. Buy not doing so you may lose your driving privileges.
5. I understand that many mouthwashes, cough syrups, medications, breath sprays, and foods contain alcohol and I CANNOT use any product containing alcohol because the interlock device will detect this alcohol. I should always use non-alcoholic versions of these products. If I accidentally use these products I must immediately rinse my mouth and provide a clean breath sample. I should always rinse my mouth prior to every test to eliminate these contaminants. If I am "aborting" on a breath test I must continue to provide breath samples until I successfully complete the breath test.
6. I understand that I cannot eat or drink anything except water 15 minutes prior to providing a breath sample into the device. I should always rinse my mouth with water prior to providing every breath test.
7. I understand that if I fail a test while trying to start my car or fail a rolling retest while driving my car I must successfully provide a clean sample immediately (when the device is ready)
8. I understand that the device will always ask for another test after a failed test. If I have not been consuming alcohol I will be able to rinse my mouth and immediately provide a clean sample. If I have no means to rinse my mouth I MUST continue to provide breath samples until I provide a clean passing sample.
9. If you provide a breath sample that results with a "Warn" level, you must immediately provide another breath sample. You must turn the key to the off position, wait for the device to power down and then turn the key back forward to provide another sample.
10. I understand that I can lose a "violation point" on the device from: Missing a rolling retest, blowing a high fail, bypassing the device, jumping the battery (if not performed properly), and shutting off the vehicle while the device is asking for a test.
11. I understand if I lose the "violation points" I will be called in for early service in which I will be charged a reset fee. My device will display a grace period time and count down each hour before my device "locks" my vehicle from starting. If I ignore this display and grace period, I will be responsible for either paying for an "unlock" code or towing my vehicle into a designated service center.
12. I understand that if I miss my scheduled appointment the device will start the above described countdown and when the device reaches "L 0" my vehicle will not longer start. I should call SmartStart immediately. Additional fees may apply.
13. I understand that if my vehicle stalls or is shut off the device will stay powered up for two (2) minutes and in that time I can restart my vehicle without providing another breath sample.
14. I understand that I cannot turn my key backwards or to the accessory position while the device is still powered up for the two (2) minutes discussed in # 13
15. I understand that I will be responsible for the cost of any cord or unit damage do to misuse or negligence.
16. I understand that disconnecting my battery can result in a Violation. I MUST have authorization from Smart Start's Corporate Office (888) 234-0198, prior to disconnecting my battery or having my vehicle serviced. I MUST provide Smart Start with valid receipts for service immediately after receiving them. I MUST keep my battery charged by starting my vehicle on a regular basis, at least once a week for a minimum of 15 minutes.
17. I understand that any tampering or bypassing of the device may result in the loss of my driving privileges and other sanctions (civil and criminal) against me.
18. I understand that I am responsible for all events recorded by the device and any violations will be released to agents, court authorities, treatment providers or other monitoring authorities.
19. I understand that payment for all fees and services must be PAID IN FULL prior to any service being performed.
20. A fee will be applied for any missed or rescheduled appointment without 24 hour notice.
21. I understand that I must call the Corporate office at (888) 234-0198 to discuss any problems, concerns, and appointment changes. This will ensure that the proper action is taken and the proper documentation is made.
22. If I am ordered to give daily PBTs then I am responsible to ensure those PBTs are provided NO MATTER WHAT. If I have a dead battery, or a vehicle issue, or a device issue I must still provide my scheduled PBTs by going to a local police department, Court, or private testing facility. I understand that it is my responsibility to stay in compliance with the Court Order.
23. If I am using the SSI Ignition Interlock with a camera I must never obstruct or interfere with the view of the camera (example: sunglasses, a hat, or anything else that might obstruct or distort your image). I MUST NOT block the camera with my hand or any other material.
24. I understand that I must update SmartStart of any address or phone number changes immediately.
25. I understand that all Smart Start Services require a fee that I am responsible for these fees.

The vehicle's electrical system is not functioning properly and may prevent proper provision of the service. I have informed the client of this situation.

_____ Client initials Details of problem: _____

1. AGREEMENT: SmartStart (SS) hereby provides to Client the equipment described above (hereinafter, with all replacement parts and repairs, referred to as the "equipment"), on terms and conditions set forth above and below; for the term identified above, commencing on the date (commencement date) that the equipment is accepted by the Client, and continuing thereafter until terminated as provided for herein. All Service payments shall be made to SS at its address or at such other place as SS may designate in writing. Client hereby authorizes SS to insert in this Agreement the serial numbers and other identification data of the equipment when determined by SS.

2. TERM: This Agreement shall commence on the Effective Date and shall continue in full force and effect until terminated (1) by Client returning the device to Smart Start, (2) by SS effective immediately upon discovery that the equipment has been tampered with or misused by Client, or (3) by SS for any other reason effective Fifteen (15) days after SS's written notice to Client issued to Client's last known address as reflected in the records of SS.

3. SMART START'S OBLIGATIONS: During the term of this Agreement, SS agrees to (1) install the equipment in Client's vehicle; (2) retrieve from the equipment, upon delivery of Client's vehicle to SS, all data pertaining to Client's use of the equipment; (3) recalibrate the equipment, upon completion of each information retrieval, for further use of Client; (4) forward all information retrieved from the equipment to any court or agency to whom SS must provide it; (5) repair or replace the equipment, during SS's normal business hours, if it is not functioning properly; (6) send to any court or supervisory agency a non-compliance report if SS determines that the equipment has been tampered with or removed from Client's vehicle; and (7) remove the equipment from Client's vehicle upon termination of Agreement. EXCEPT AS SHOWN IN ITEMS (1) THROUGH (7) ABOVE, SS DISCLAIMS ALL WARRANTIES, BOTH EXPRESSED AND IMPLIED AND ALL OTHER OBLIGATIONS UNDER THIS AGREEMENT INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANT ABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SS SHALL NOT BE LIABLE TO CLIENT OR TO ANY THIRD PERSON FOR ANY DIRECT, INDIRECT, INCIDENTAL, EXEMPLARY OR CONSEQUENTIAL DAMAGES ARISING FROM CLIENT'S USE, MISUSE, OR NON-USE OF THE EQUIPMENT OR ANY FEATURE OF THE EQUIPMENT EVEN IF SS HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES.

4. CLIENT'S OBLIGATIONS: During the term of this Agreement, Client agrees to (1) pay an installation fee, a removal fee and lock out fee as stated under Agreement payments; (2) prepay at installation of the equipment and, at each recalibration period every 30/60 days thereafter, the equipment's rental amount; (3) pay to SS a fee in the amount of the current rate for both SS's service calls to Client and SS's in-house repair services which are attributable by SS to Client's altering, modifying or tampering with the equipment; (4) pay to SS all taxes applicable to payments required under this Agreement; (5) reimburse SS for any loss or damage to the equipment which occurs while the equipment is in Client's possession; and (6) deliver Client's vehicle to SS during SS's normal business hours for information retrieval, recalibration and upon termination of this Agreement removal; (7) make all payments to SS by pre-approved MasterCard/Visa, money order, cashier's check or cash and (8) pay collection fee of 35% of outstanding delinquent balances should we have to turn your account over to an agency. CLIENT ACKNOWLEDGES THAT CLIENT'S SOLE REMEDY UNDER THIS AGREEMENT IS TO CAUSE SS TO REPAIR OR REPLACE ANY EQUIPMENT THAT IS NOT FUNCTIONING PROPERLY.

5. TITLE: SS shall at all times retain title to the equipment. Client shall not change or remove an insignia or lettering which is on the Equipment at time of delivery thereof or which is thereafter placed thereon indicating SS's ownership thereof.

6. CARE AND USE OF EQUIPMENT: So long as the equipment is not misused by Client, SS shall maintain the equipment in good operating condition, repair and appearance and protect the same from deterioration except for normal wear and tear. If Client is determined by SS to have intentionally or negligently misused or damaged the device, Client shall be responsible for all costs incurred by SS in effecting the repair or replacement of the equipment.

7. INDEMNITY: Client Shall and does hereby agree to indemnify and save SS, it's agents, servants, successors, and assigns harmless against and from any liability, damages or loss, including reasonable counsel fees, arising out of the selection, possession, renting, operation (regardless of where, how and by whom operated) control, use, condition (including but not limited to latent and other defects, whether or not discoverable by Client), maintenance, delivery and return of the equipment. The indemnities and obligations herein provided shall continue in full force and effect notwithstanding termination of this Agreement.

8. RISK OF LOSS: Client hereby assumes the entire risk of loss damage or destruction of the equipment from any and every cause whatsoever during the term of this Agreement and thereafter until redelivery to SS. In the event of loss, damage, or destruction of the equipment. Client at its expense (except to the extent of any proceeds of any insurance provided by Client which shall have been received by SS as a result of such loss, damage or destruction) shall repair such item, returning it to its previous condition, unless damaged beyond repair whereby the equipment will be replaced by new equipment.

9. ASSIGNMENT; NOTICE OF INTENDED ASSIGNMENT: SS may, without Client's consent, assign or transfer this Agreement or any equipment, rent or other sums due or to become due hereunder, and in such event SS's assignee or transferee shall have the rights, powers, and privileges of SS hereunder. Client hereby acknowledges notice of SS's intended assignment of SS's interest in this Agreement, and upon such assignment Client agrees not to assert, as against SS's assignee, any defense, setoff, claim or counterclaim, that it may have against SS whether arising under this Agreement transaction or otherwise.

10. RETURN OF THE EQUIPMENT: Upon the termination or expiration of this Agreement, or any extension thereof, the Client shall forthwith deliver the equipment to SS at an address designated by SS complete and in good order and condition, reasonable wear and tear alone accepted. The Client shall also pay to the SS such sum as may be necessary to cover replacement of all damaged, broken or missing parts of the equipment. If upon such expiration or termination the Client does not immediately return the equipment to SS, the equipment shall continue to be held and leased hereunder and this Agreement shall thereupon be extended indefinitely as to the term at the same monthly Agreement payment, subject to the right of either the Client or SS to terminate the Agreement upon thirty (30) days written notice, whereupon the Client shall forthwith deliver the equipment to SS as set forth in this paragraph.

11. EFFECTIVE DATE: This Agreement shall become valid when executed and accepted by SS, notice of SS's acceptance of this Agreement being hereby waived by Client.

12. GOVERNING LAW: As used in this paragraph "Applicable Jurisdiction" means the state, as the same may change from time to time, where the holder of SS's interest in this Agreement maintains its principal office responsible for administering this Agreement. This Agreement shall be interpreted and construed in accordance with, and governed by, the laws of the applicable Jurisdiction applicable to Agreements made and to be fully performed in the Applicable Jurisdiction.

Additional Conditions

Complete payment is due at time of service in the form of MasterCard, Visa, Discover, Money Order, or Cash.

Client understands that he/she can only operate a vehicle equipped with an Ignition Interlock Device.

Be sure to obtain and KEEP a receipt for ALL service and payment transactions.

You must return on or before your **LOCKOUT** date for calibration. Failure to return is a violation and may result in a fee to reset the device. Smart Start will notify the appropriate monitoring authority when you are out of compliance.

Smart Start is not responsible for tow fees, unless direct fault is found to be with the device and Smart Start **approved** the tow.

Any unused portion of your monthly lease is NOT pro-rated at the time of removal. (Removal fees apply on all removals.)

Smart Start reserves the right to collect a refundable security deposit. Deposits **cannot** be applied to services rendered.

You are responsible for timely lease payments until you return for removal, even if you are not using the device or your car is not operable. Keep in mind that pricing may vary between Smart Start locations.

Failure to return the device to Smart Start is considered Felony THEFT and will result in charges being filed.

Smart Start is not responsible for vehicles left overnight on our premises. Vehicles left over 48 hours may be towed at owner's expense.

Client understands that he/she must rinse his/her mouth with water prior to each and every test and he/she is responsible for all tests.

When using the device, always practice safe driving habits and keep your eyes on the road. Client understands that he/she has several minutes to complete a running retest. (Find a safe place to park before taking a retest).

Smart Start does not give copies of datalog reports to clients.

WARNING: The manufacturer of this device disclaims all warranties expressed or implied as to the safety of any person operating this vehicle after drinking any amount of alcohol, or any passenger in this vehicle. Any individual tampering, circumventing or misusing this device shall be subject to prosecution and/or civil liability.

There will be a mobile service charge of \$150.00 minimum Includes first 2 hours, then \$50 per hour thereafter for non-unit related problems if applicable.

Removal Procedures: Removal Procedures are governed by the state, county, court and monitoring authority. **Smart Start does not have the authority to authorize a removal for any reason, without proper authority from the authorized jurisdiction.** Regardless of the situation, REMOVALS will be reported to the appropriate monitoring authority.
